

The 28th EAEIE Annual Conference will take place in Reykjavík, Iceland.

EAEIE 2018 is organized by the University of Iceland.

The 28th EAEIE Annual Conference, September 26-28, 2018, Reykjavík

The EAEIE (European Association for Education in Electrical and Information Engineering) is a European non-profit organization, with members from nearly seventy European Universities, most of them teaching in the area of Electrical and Information Engineering (EIE). The mission of the EAEIE is to enhance education in EIE through understanding European education practices, industry participation, continuing education, credit transfer in international exchanges, scientific and educational research, and to determine criteria to establish standards on EIE education.

The objective of the conference is to bring together lecturers, researchers and professionals in the field of EIE all over Europe with the aim to exchange ideas and information and contribute to the development of EIE education.

We would like especially to encourage younger colleagues to participate, it will be a good opportunity for them to learn aspects about European projects both in research and teaching, and meet colleagues in the fields of Electrical and Information Engineering. More advanced colleagues will have the opportunity to disseminate their own projects.

EAEIE 2018 includes (but is not limited to) the following topics:	
<ul style="list-style-type: none"> <input type="checkbox"/> Educational Methods and Innovations in Engineering Education <input type="checkbox"/> Experimental Learning and Learning Experiences in Engineering <input type="checkbox"/> Lifelong Learning in Electrical and Information Engineering <input type="checkbox"/> Research and Innovation as a Part of Education <input type="checkbox"/> E-learning and Computer-Based Learning <input type="checkbox"/> Development of Innovative Materials in Engineering Education <input type="checkbox"/> Gender and Diversity issues <input type="checkbox"/> The Student Perspective of Electrical and Information Engineering <input type="checkbox"/> Distance, Open and Flexible Education <input type="checkbox"/> Educational Games and Simulations 	<ul style="list-style-type: none"> <input type="checkbox"/> Including Entrepreneurship in Engineering Programs <input type="checkbox"/> Curriculum Design <input type="checkbox"/> Assessment and Evaluation <input type="checkbox"/> Learning Analytics <input type="checkbox"/> Mobile Learning <input type="checkbox"/> International Partnerships <input type="checkbox"/> Cooperation with Industry <input type="checkbox"/> Dissemination of European Projects

Deadlines:

<p><i>First draft:</i> June 1st 2018</p> <p><i>Notification of acceptance:</i> June 15th 2018</p>	<p>Final draft July 1st</p> <p><i>Acceptance of final paper:</i> July 15th 2018</p>	<p><i>Camera-ready paper</i> September 1st 2018</p>
